

About Us

We move the world to **protect animals**

We are an **animal welfare** organisation

We are **global** –17 offices worldwide

We have been protecting animals for over **50 years**

We used to be called the World Society for the Protection of Animals (WSPA)

We focus on:

- Animals in farming
- Animals in the wild
- Animals in disasters
- Animals in communities

Our oceans campaign...

What's the problem?

640,000 tonnes of fishing gear left in oceans annually

and it will hang around for...

600 years

Costing governments and marine industries millions...

Injuring and killing thousands of marine animals

What can we do?
